\*These figures were obtained after the battery had been fully charged. The Jeep® Avenger is a battery electric vehicle requiring mains electricity for charging. Figures shown are for comparability purposes. Only compare electric range figures with other cars tested to the same technical procedures. These figures may not reflect real life driving results, which will depend upon a number of factors including the starting charge of the battery, accessories fitted (post-registration), variations in weather, driving styles and vehicle load.

^Available in Altitude Launch Edition Only. ~Available from March 2023 production only.

Jeep® Avenger 1st EDITION Full Electric: CO2 emissions (weighted, combined) (g/km): 0. Electric energy consumption (weighted, combined) (kWh/100 km): 15,9; electric range 385-390 km (combined cycle). Values are calculated with the WLTP procedure (EU Regulation 2018/1832). The values indicated for energy consumption and electric range are measured by the manufacturer on pre-approval tests, according to the WLTP procedure (EU Regulation 2018/1832), and may be subject to modification depending upon the definitive homologation. The values indicated are for comparative purposes. Only compare CO2 and electric range figures with other cars tested to the same technical procedures. The Jeep® Avenger is a battery electric vehicle requiring mains electricity for charging. These figures may not reflect real life driving results and the actual electric energy consumption values may be strongly different and may vary depending upon the conditions of use and on various factors such as: options, frequency of electric recharge per travelled kilometres, ambient temperature, driving style, speed, total weight, use of certain equipment (air conditioning, heating, radio, navigation, lights etc., tire types and conditions, road conditions, external climatic conditions, etc.

Prices, fuel consumption and CO2 emission figures are correct as of April 2023 and published to our dealer network which may be subject to change. Colours of vehicles shown may not match the actual colour.
